Independent Auditor's Report on the Financial Statement

HONORABLE JOHN KENNEDY, TREASURER OFFICE OF THE STATE TREASURER STATE OF LOUISIANA

Baton Rouge, Louisiana

We have audited the special purpose Statement of Gasoline and Fuels Tax and Other Receipts, Disbursements, and Changes in Balances of the Transportation Trust Fund and Associated Accounts and Funds for the year ended June 30, 2000. This financial statement is the responsibility of management of the Department of the Treasury. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The accompanying special purpose financial statement was prepared for the purpose of complying with Section 301 of the Gasoline and Fuels Tax Collection and Allocation Agreement between the State of Louisiana and Bank One Trust Company, N.A., formerly known as Premier Bank, N.A., trustee, as discussed in the notes to the financial statement, and is not intended to be a presentation in conformity with generally accepted accounting principles.

In our opinion, the special purpose financial statement referred to above presents fairly, in all material respects, the gasoline and fuels tax and other receipts, disbursements, and changes in balances of the Transportation Trust Fund and Associated Accounts and Funds for the year ended June 30, 2000, on the basis of accounting described in note 1.

Our audit was made for the purpose of forming an opinion on the special purpose financial statement. The accompanying supplemental information schedule listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the special purpose financial statement of the Transportation Trust Fund and Associated Accounts and Funds. Such information has been subjected to the procedures applied in the audit of the special purpose financial statement and, in our opinion, is fairly stated in all material respects in relation to the special purpose financial statement taken as a whole.

LEGISLATIVE AUDITOR

HONORABLE JOHN KENNEDY, TREASURER OFFICE OF THE STATE TREASURER STATE OF LOUISIANA

Audit Report, June 30, 2000

Respectfully submitted,

Daniel G. Kyle, CPA, CFE

Notes to the Financial Statement For the Year Ended June 30, 2000

INTRODUCTION

The Transportation Trust Fund was established January 1, 1990, as a special permanent trust fund in the state treasury, by Act 847 of 1989, which added Part 4 of Article 7 of the 1974 Louisiana Constitution. The act allows the Louisiana State Bond Commission to issue and sell bonds, notes, or other obligations secured by gasoline and fuels tax revenues.

On March 15, 1990, the Louisiana State Bond Commission adopted the Gasoline and Fuels Tax Revenue Bond Resolution, which authorized the sale of \$263,902,640 of bonds. In connection with this bond issue, the State of Louisiana, acting through the Secretary of the Department of Revenue and Taxation of the State of Louisiana, the Treasurer of the State of Louisiana, and the Louisiana State Bond Commission, executed the Gasoline and Fuels Tax Collection and Allocation Agreement (the collection agreement) dated April 1, 1990, with Bank One Trust Company, N.A., formerly known as Premier Bank, N.A., as trustee for the bond resolution. The collection agreement requires the Secretary of the Department of Revenue and Taxation (the Secretary) to deposit all gasoline and fuels taxes collected with the depository bank. The treasurer of the state is required to invest all such taxes on deposit with the depository bank as permitted by state law. The agreement also requires the treasurer to transfer the gasoline and fuels taxes to the state's Bond Security and Redemption Fund, to meet debt service requirements, and to the Transportation Trust Fund, including the Transportation Infrastructure Model for Economic Development (TIMED) Account.

The Statement of Gasoline and Fuels Tax and Other Receipts, Disbursements, and Changes in Balances is prepared in accordance with this collection agreement. Article 3, Section 301 of the Collection Agreement requires that the accounts of the Transportation Trust Fund be audited annually.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

To provide the information required by the collection agreement, the accompanying financial statement has been prepared on the cash basis of accounting, with collections recognized when received and disbursements reflected when paid. As such, the accompanying financial statement does not reflect the receivables and related payables associated with the activities of the funds and accounts.

Notes to the Financial Statement (Continued)

B. FUNDS AND ACCOUNTS

The accompanying Statement of Gasoline and Fuels Tax and Other Receipts, Disbursements, and Changes in Balances is a special presentation intended to provide only the information required by the collection agreement, as described previously. Accordingly, the statement does not necessarily present the financial activities of these funds and accounts in their entirety.

The financial activities of the funds and accounts as presented in Statement A are described as follows:

Transportation Trust Fund

This fund accounts for the proceeds of taxes and other receipts that are legally dedicated to the Transportation Trust Fund. The monies in the trust fund are to be used for construction and maintenance of state and federal roads and bridges, the Statewide Flood-Control Program, ports, airports, transit, state police traffic control projects, and the Parish Transportation Fund.

Transportation Infrastructure Model for Economic Development (TIMED) Account

Act 16 of the 1989 First Extraordinary Session of the Louisiana Legislature [Louisiana Revised Statute (R.S. 47:820.2)] established the Transportation Infrastructure Model for Economic Development (TIMED) Account within the Transportation Trust Fund.

Monies in the account are to be used solely to fund the TIMED Account projects as identified in the act. The TIMED projects are to be funded from the avails of a gasoline and special fuels tax levied by Act 16 and the proceeds of bonds authorized by Article 7, Section 27(C) of the Louisiana Constitution.

Debt Service Trustee Accounts

Section 502 of the Bond Resolution requires the establishment of the Debt Service Trustee Accounts, to be held by the Trustee, and to consist of a Debt Service Account and a Debt Service Reserve Account. The Debt Service Account is used for the accumulation of receipts for the payment of bond principal, interest, and premiums. The Debt Service Reserve Account is used for the maintenance of the reserves as required by the bond resolution. The amounts included in the Debt Service Trustee Accounts reflect the transactions of both the Debt Service Account and the Debt Service Reserve Account.

Notes to the Financial Statement (Continued)

C. RECEIPTS AND DISBURSEMENTS

Receipts

Gasoline and fuels taxes, motor vehicle license taxes, aviation fuels, weights and standards penalties, interest earnings, and federal receipts are recorded when the receipts are deposited in the depository bank and classified by the Department of Revenue and Taxation, the Department of Public Safety, the State Treasurer's Office, and the Department of Transportation and Development, as applicable. Interfund loans are recognized when the funds are transferred by the State Treasurer's Office.

Disbursements

Disbursements are made as authorized by law. Article 7, Section 27(B) of the Louisiana Constitution requires that monies in the trust fund be used only for trust fund appropriations, principal, interest, premiums, and costs incidental to the issuance of bonds. For the year ended June 30, 2000, disbursements of trust fund monies were made in accordance with the state general appropriation acts and the capital outlay acts.

2. CASH, CASH EQUIVALENTS, AND INVESTMENTS

Balances at June 30, 2000, totaling \$490,851,082, as shown on Statement A, are represented by cash, cash equivalents, and investments as detailed in the following Sections A and B:

A. CASH AND CASH EQUIVALENTS

Cash and cash equivalents are composed of the following:

| Cash on deposit with the State Treasury | \$432,347,537 |
|--|---------------|
| Debt service trustee accounts - money market accounts | 236 |
| Total | \$432,347,773 |

Cash and cash equivalents are stated at cost, which approximates market. Cash balances of \$432,347,537 held and controlled by the state treasurer are secured from risk by the state treasurer through separate custodial agreements, and the risk disclosures required by generally accepted accounting principles are included within the state's general purpose financial statements. Cash on deposit with the state treasurer is invested in various instruments in the pooled investment account of the state treasurer. The investments are not identifiable by fund.

Notes to the Financial Statement (Continued)

The money market balance of \$236 is in investments of the trustee in United States securities and are considered credit risk Category 3 in applying the credit risk of GASB Codification Section I50.124.

B. INVESTMENTS

At June 30, 2000, the Transportation Trust Fund and Associated Accounts and Funds have investments stated at cost totaling \$58,503,309, which are composed entirely of invested trustee account balances. The TIMED Account did not have a balance at June 30, 2000.

Investments of the Debt Service Accounts With the Trustee

At June 30, 2000, the trustee's debt service accounts have investments in allowable investment securities as defined by Article 6, Section 603 of the bond resolution as follows:

| | Carrying Amount | |
|---------------------------------------|--------------------|--------------|
| | (Book Value) | Fair Value |
| United States Treasury notes-stripped | \$32,082,095 | \$32,249,680 |
| United States Treasury notes | 26,421,214 | 26,766,825 |
| Total | \$58,503,309 | \$59,016,505 |

Because the investments of the debt service trustee accounts are held in the name of the state by an agent of the state, these investments are considered credit risk Category A in applying the credit risk of GASB Codification Section I50.125.

U.S. Treasury notes-stripped securities are stripped of semiannual interest (coupon) payments. These securities are guaranteed a certain payment amount at a specific point in the future. The investor has the right to repayment of the principal at a future date for a deep discount to the face value. Therefore, these securities are not sensitive to fluctuations in interest rates. As of June 30, 2000, the Transportation Trust Fund held \$32,992,000 of outstanding U.S. Treasury principal-only strips discounted at 97.75% of par value. Considering a 6.3% yield, the Transportation Trust Fund is guaranteed 100% of par value on these securities upon maturation on November 15, 2000.

3. GASOLINE AND SPECIAL FUELS TAXES DEDICATED FOR DEBT SERVICE

Article 7, Section 27 of the 1974 Louisiana Constitution requires that the prior lien obligations secured by taxes levied on gasoline and motor fuels at January 1, 1990, are to be satisfied before the gasoline and special fuels tax collections can be transferred to the trust fund. Prior lien obligations are required for the Port Improvement Bonds, 1966 Series, dated January 1, 1966, of the Port of New Orleans and the State of Louisiana Highway Bonds, Fourth Series, dated March 5, 1958. These bonds have been repaid, but the trust fund bond indenture requires a transfer of \$500,000 a year until the year 2005, as long as the port has other bond issues outstanding.

After satisfying prior lien obligations, Section 204 of the collection agreement requires that the treasurer transfer gasoline and special fuels tax collections to the debt service trustee accounts in amounts sufficient to meet the next debt service payments established by the bond resolution. During the year ended June 30, 2000, the treasurer transferred the amount needed to fund the payments of principal and interest due on November 15, 1999, of \$30,703,820 and interest due on May 15, 2000, of \$2,152,964. The transfer amounts for the year were \$24,436,156 of gas taxes and \$6,526,997 of special fuels tax.

4. GASOLINE AND SPECIAL FUELS TAXES DEDICATED TO THE BOND SECURITY AND REDEMPTION FUND

The 1974 Louisiana Constitution requires that all revenues deposited in the state treasury, with certain exceptions, be first credited to the Bond Security and Redemption Fund (B. S. and R.). Therefore, the collections of gas and special fuels taxes, except for the amounts collected as described in note 3, are first credited to the state's B. S. and R. Fund.

Article 7, Section 27(A) of the 1974 Louisiana Constitution requires for fiscal years beginning on July 1, 1991, and thereafter, the avails of all affected taxes collected be transferred to the Transportation Trust Fund from the state's B. S. and R. Fund.

5. EXCESS GASOLINE AND SPECIAL FUELS TAX RECEIPTS

Article 7, Section 27 of the 1974 Louisiana Constitution establishes that after the payment of certain obligations, taxes identified as excess revenues shall be deposited to the Transportation Trust Fund and the TIMED Account. As of July 1, 1991, this excess is defined as the avails of all taxes levied on gasoline and motor fuels and special funds. For the year ended June 30, 2000, the avails of 16 cents and 4 cents per gallon of taxes collected were excess revenues deposited to the trust fund and the TIMED Account, respectively. Excess gas taxes for the year were \$402,892,021 and excess special fuels taxes were \$107,614,095.

TRANSPORTATION TRUST FUND AND ASSOCIATED ACCOUNTS AND FUNDS DEPARTMENT OF THE TREASURY STATE OF LOUISIANA
Notes to the Financial Statement (Continued)

6. MOTOR VEHICLE LICENSE TAX

Act 28 of the 1989 Second Extraordinary Session of the Louisiana Legislature amended Article 7, Section 5 of the 1974 Louisiana Constitution to provide for a tax on the actual value of automobiles in private use of not less than \$10 per automobile. After satisfying the prior dedications on these tax proceeds, the remaining taxes collected are required to be deposited into the Transportation Trust Fund. In Opinion No. 89-655, the Attorney General for the State of Louisiana opined that the \$3 per automobile tax in effect before January 1, 1990, represents the amount of prior dedications, and the remaining collections are those required to be deposited into the Transportation Trust Fund. During the year ended June 30, 2000, the Transportation Trust Fund received \$34,268,585 of motor vehicle license taxes.

7. AVIATION FUEL TAX

In accordance with Article 7, Section 27 of the 1974 Louisiana Constitution, the trust fund began collecting aviation fuel taxes effective July 1, 1991. The aviation tax is a special tax that is derived from the state sales tax. For the year ended June 30, 2000, the aviation fuel tax amounted to \$5,000,000. Those taxes are used for the financing of the annual appropriations for airports but are not required to be used solely for airports.

8. LOGO SIGNS PROCESSING FUND

Act 606 of the 1999 Regular Session of the Legislature abolished the Logo Signs Processing Fund in the State Treasury. The Act, effective June 30, 1999, provided that these fees be classified as self-generated revenues to the Department of Transportation and Development. Fees on deposit in Treasury at June 30, 1999, for \$161,692 in the Logo Signs Processing Fund, were transferred to self-generated revenues.

9. WEIGHT'S AND STANDARDS MOBILE POLICE

Act 685 of the 1999 Regular Session of the Legislature effective July 1, 1999, requires all payments for penalties imposed under this act by the Department of Public Safety and Corrections to be remitted to the Transportation Trust Fund. For the year ended June 30, 2000, the Transportation Trust Fund received \$1,680,336.

10. INTERFUND LOAN

Monies in the TIMED Account can be loaned to the Transportation Trust Fund, as provided by R.S. 47:820.2(C), and can be used for purposes consistent with the trust fund. The total of these loans cannot exceed \$160,000,000 and must be repaid by no later than June 30, 2010. By June 30, 1991, the Transportation Trust Fund had borrowed \$160,000,000, which includes \$97,100,000 of borrowed TIMED bond proceeds and \$62,900,000 of borrowed TIMED excess 4-cent gasoline and special fuels tax collections. On April 3, 1997, the Department of Transportation and Development (DOTD) notified the state treasurer that federal funds were

Notes to the Financial Statement (Continued)

expended on TIMED projects in prior years and were to be considered as a partial payback of the interfund borrowing. These expenditures were originally charged to the Capital Outlay Escrow Fund and not to the Transportation Trust Fund or the TIMED accounts. Attorney General Opinion No. 97-97 confirmed the constitutionality of using these expenditures to reduce the interfund loan balance. The state treasurer adjusted the accounting records accordingly for the Transportation Trust Fund and the TIMED accounts. These adjustments are not reported in Statement A, which reflects cash receipts and disbursements. As of June 30, 2000, \$133,167,574 has been repaid from the Transportation Trust Fund to the TIMED Account, which leaves a balance due of \$26,832,426.

11. DISBURSEMENTS TO THE PARISH TRANSPORTATION PROGRAM

Act 10 of the 1999 Regular Session of the Louisiana Legislature (General Appropriations Act) appropriated \$43,000,000 out of the Transportation Trust Fund to the Parish Transportation Program, of which \$6,000,000 was for the Mass Transit Program. The state treasurer disbursed \$38,139,150 of the fiscal year 2000 appropriation and \$2,332,820 from the prior year's appropriation to the Parish Transportation Program and the Mass Transit Program in accordance with a distribution formula and payment schedule established by R.S. 48:755. The remaining appropriation balance of \$2,332,820 from fiscal year 1999 was disbursed subsequent to June 30, 2000. The remaining appropriation balance of \$4,860,850 from fiscal year 2000 was disbursed subsequent to June 30, 2000.

12. DISBURSEMENTS TO THE DEPARTMENT OF TRANSPORTATION AND DEVELOPMENT

DOTD warranted and received \$541,880,918 in appropriations to the department. Included on Schedule 1 is the amount of warrants drawn by DOTD for fiscal years ending June 30, 1990 through 1994, 1995, 1996, 1997, 1998, 1999, and 2000. These warrants do not include federal funds. For amounts budgeted/appropriated by Acts 822, 853, 1013, 1137, 645, 45, 1096, 45, 28, 29, 20, and 99, the original contract amount is given for all contracts signed at June 30, 2000.

13. DISBURSEMENTS TO FACILITY PLANNING AND CONTROL

Act 20 of the 1999 Regular Session of the Legislature appropriated from the Transportation Trust Fund monies for the planning and construction of the Louisiana Transportation Research Center, Education and Training Center in Baton Rouge and the renovation of floors 1-4 of the Department of Transportation headquarters building for \$580,000 and \$2,000,000, respectively. These projects are administered by Facility Planning and Control in the Division of Administration. During the fiscal year, Facility Planning and Control warranted \$194,021 from the Transportation Trust Fund to the Capital Outlay Escrow Account in anticipation of expenditures for the Education and Training Center. No funds have been warranted for the other project at June 30, 2000.

14. LONG-TERM OBLIGATIONS

At June 30, 2000, the trust fund has outstanding \$26,072,640 of Gasoline and Fuels Tax Revenue Bonds 1990 Series A, issued by the State of Louisiana on April 15, 1990, and \$93,385,000 of Gasoline and Fuels Tax Revenue Refunding Bonds 1999 Series A, issued by the State of Louisiana on June 10, 1999. The 1990 Series A bonds have maturities from fiscal years 2000 to 2002 and an interest rate of 7.25%. The 1999 Series A bonds have maturities between November 15, 2000, and November 1, 2004, with interest rates from 3.60% to 5.00%. The 1999 Series A bonds advance refunded \$92,235,000 of Gasoline and Fuels Tax Revenue Bonds Series 1990 A bonds. All principal and interest requirements are funded in accordance with Article 7, Section 27(C) of the 1974 Louisiana Constitution. These bonds are not general obligations of the state or any political subdivision thereof, and the faith and credit of the state is not pledged to the payment of these bonds. The bonds are payable solely from and secured by the pledge of gasoline and fuels taxes as defined by the Gasoline and Fuels Tax Revenue Bond Resolution adopted by the Louisiana State Bond Commission on March 15, 1990.

The changes in long-term obligations are as follows:

| | 1990 Series A | 1999 Series A | <u>Total</u> |
|------------------------------------|---------------|---------------|---------------|
| Principal Balance at June 30, 1999 | \$52,772,640 | \$94,260,000 | \$147,032,640 |

| Principal Balance at June 30, 2000 | \$26,072,640 | \$93,385,000 | \$119,457,640 |

The annual requirements of the bonds outstanding, including interest of \$47,907,492, at June 30, 2000, are as follows:

| Year Ending June 30, | Principal | Interest | Total |
|----------------------|---------------|--------------|---------------|

| Total | \$119,457,640 | \$47,907,492 | \$167,365,132 |

The debt service payments, including interest of \$5,281,784, for fiscal year ended June 30, 2000, were \$32,856,784.

Notes to the Financial Statement (Continued)

Bond related costs of \$28,012 were paid during the year from the TIMED and Debt Service Accounts for the 1999 Series A refunding bond issue related to publishing the redemption notice, arbitrage information, legal counsel, photocopying, shipping, travel, and miscellaneous other expenses.

15. REQUIRED RESERVES

The Gasoline and Fuels Tax Revenue Bond Resolution requires the establishment of a Debt Service Reserve Account. The 1990 Series A First Supplemental Bond Resolution, dated April 19, 1990, and the 1999 Series A Second Supplemental Bond Resolution, dated May 20, 1999, establish the amount to be deposited in the reserve account as an amount equal to the greatest annual aggregate debt service on all bonds outstanding provided; however, as a result of the issuance of any series of bonds, the debt service reserve requirement may not exceed the sum of the debt service reserve requirement immediately before the issuance of such bonds, plus 10% of the net proceeds of the bonds. For the year ended June 30, 2000, the reserve requirement was \$26,038,441. The Debt Service Reserve Account has \$26,421,214 on deposit at June 30, 2000.

16. FEDERAL FUNDS

Article 7, Section 27(A) of the 1974 Louisiana Constitution requires all monies appropriated by the Federal Highway Administration (FHWA) and Federal Aviation Administration (FAA) to be paid directly or deposited in and credited to the Transportation Trust Fund. For the year ended June 30, 2000, \$369,575,485 of FHWA and FAA funds were received by the state and were credited and deposited into the Transportation Trust Fund. Of this total, \$337,945,677 was transferred to and subsequently disbursed out of the Capital Outlay Escrow Fund and \$28,588,106 was disbursed directly out of the Transportation Trust Fund for a total of \$366,533,783.

Federal funds that are required by law to be deposited into the Transportation Trust Fund are not available or dedicated in any manner to the payment of debt service on Gasoline and Fuels Tax Revenue Bonds 1990 Series A and Refunding Bonds 1999 Series A outstanding bonds.

17. FUND BALANCES

Statement A is presented on a cash basis of accounting, and, accordingly, the receivables and payables associated with the Transportation Trust Fund's activities are not reflected in the statement. However, the general purpose financial statements of the State of Louisiana include the financial activities of the Transportation Trust Fund and the TIMED Account prepared on the modified accrual basis of accounting. The state's general purpose financial statements for the fiscal year ended June 30, 2000, have not been issued as of the date of this report.

18. LITIGATION AND CLAIMS

There is no litigation pending against the Transportation Trust Fund at June 30, 2000.

19. ARBITRAGE REBATE REQUIREMENTS

The state originally elected the "penalty" method of arbitrage calculations in accordance with Sections 143(g)(3) and 148(f)(4)(IV)(V) of the Internal Revenue Code. Subsequently, the state elected to apply Section 1.148-11(b) of the Treasury Regulations, issued June 14, 1993, to the Gasoline and Fuels Tax Revenue Bonds 1990 Series A. The calculation of arbitrage for the periods ended November 3, 1994, and May 3, 1995, depicted the expenditure of all available construction proceeds. As a result, no arbitrage rebate was due for the period ended June 30, 2000.

The proceeds of the 1999 Series A Bonds are also subject to the arbitrage rebate requirements of Section 148(f) of the Code. In accordance with the Non-Arbitrage Certificate dated June 10, 1999, the state will take steps to ensure that 1999 Series A Bond proceeds will not be defined as "Arbitrage Bonds" as defined in the Code. At June 30, 2000, no liability is due the federal government under Section 148(f) of the Code.

20. TIMED APPROPRIATIONS

The TIMED appropriations included on Schedule 1 are funded from bond proceeds of \$232,789,184, as originally appropriated in Act 822 of the 1989 Regular Session of the Louisiana Legislature, and receipts from the gasoline and special fuels tax of 4 cents.
